\_\_\_ **Horticulture:** Gain valuable gardening skills and knowledge as you work alongside Red Butte Garden’s horticulture professionals in the cultivated portion of the Garden. Assist staff by planting, pruning, deadheading, weeding, mulching, and other care of the Garden’s plant collections. You will become familiar with basic garden maintenance and plant names as you learn a wealth of gardening insight for use in your own landscape. Must be 15 or older. Positions available March to October.

\_\_\_ **Greenhouse:** Volunteers at the greenhouse are essential to the success of the plants and flowers in the Garden, beginning with propagation from seed and cutting, to transplanting, spacing, thinning, watering, and pruning. In addition to growing and caring for young plants, greenhouse volunteers plant and care for a portion of the Garden’s outdoor annual displays. Must be 15 or older. Positions available year-round.

\_\_\_ **Natural Area:** The Natural Area provides volunteers with an opportunity to learn the habitat and care of native plants along the foothills including assisting with restoration projects, trail maintenance, invasive species removal, and native seed collection. Other opportunities include planting, pruning, and seasonal greenhouse activities. Must be 15 or older. Positions available year-round.

\_\_\_ **Conservation:** Conservation Volunteers assist and learn from experienced plant conservationists concerning native, rare, and endangered plant species while working in the field throughout the State of Utah.
